Jr. Web Developer	Database Administrator	RPA Developer	Senior RPA Developer
2008	**2018 - 2020**	**2020 - 2021**	**2021 - 2025**
Gained early experience working in a development environment as an assistant web-developer and designer.	Maintained enterprise-level databases, created SQL reports and VBA automations for a large department and client base.	Developed and maintained 100+ RPA solutions as part of a CoE, delivering automations and process optimization.	Was responsible for a team of developers as a technical lead. Reshaped the department's development practices and rules.

Skills & Languages

Professional Skills

Blue Prism, UiPath, PowerAutomate

Highly proficient in developing Blue Prism automations and writing custom code. Trained in troubleshooting UiPath and PowerAutomate projects.

VBA, VB.NET, C#

Experienced in delivering VBA macro automations. Moderately experienced in VB.NET and C# coding.

HTML, JavaScript, SQL

Moderately experienced in web-development and automation.

Additional Skills

Process optimization
Personal achievements are driven by a strong desire to simplify & improve workflows for my team.

Presenting
Prepared and delivered presentations to large audiences.

Team-leading
Experienced in coordinating small teams of 5–6 people as a team leader.

Hobbies

Writing & Coding
Engaged in a multi-year project writing a complex fictional story for an indie game project.

Languages & Psychology
Actively studying French and Japanese; researching and teaching analytical psychology.

Career Achievements & Education

As an RPA developer for a large CoE, delivered ~100 automation projects and custom code solutions via Blue Prism and other RPA tools. Coordinated a QA-improvement team that focused on creating new QA procedures for the CoE. Redefined project-workflow from onboarding to completion. Established training programs and coding standards for the CoE. Earlier, in my Database Admin role, automated over 50 end-to-end procedures using VBA.

Cardiff University (United Kingdom)

BScEcon, Bachelor of Economics and Social Studies in International Relations & Politics
